

APARTMENT IN THE 1ST DISTRICT

Great location near Place des Victoires, an ideal 130 m² space for showrooms, shootings and pop-ups.

A large neutral space open but divided into 4 corners, which can be arranged according to your event.

The image shows a bright, minimalist dining room. In the center, a white rectangular table is surrounded by six wooden chairs with a simple, functional design. To the right, a black wire mesh chair is positioned, holding a lamp with a white cylindrical shade and a reddish-brown base. The floor is covered in light-colored wood with a herringbone pattern. Two large windows with white frames and sheer curtains are in the background, letting in natural light. The walls are plain white, and a power outlet is visible on the left wall.
